# W1-Presentation

We have discusses our roles, aspiration and news in data space:

## Roles Presentation for Big 3 - Google Slides

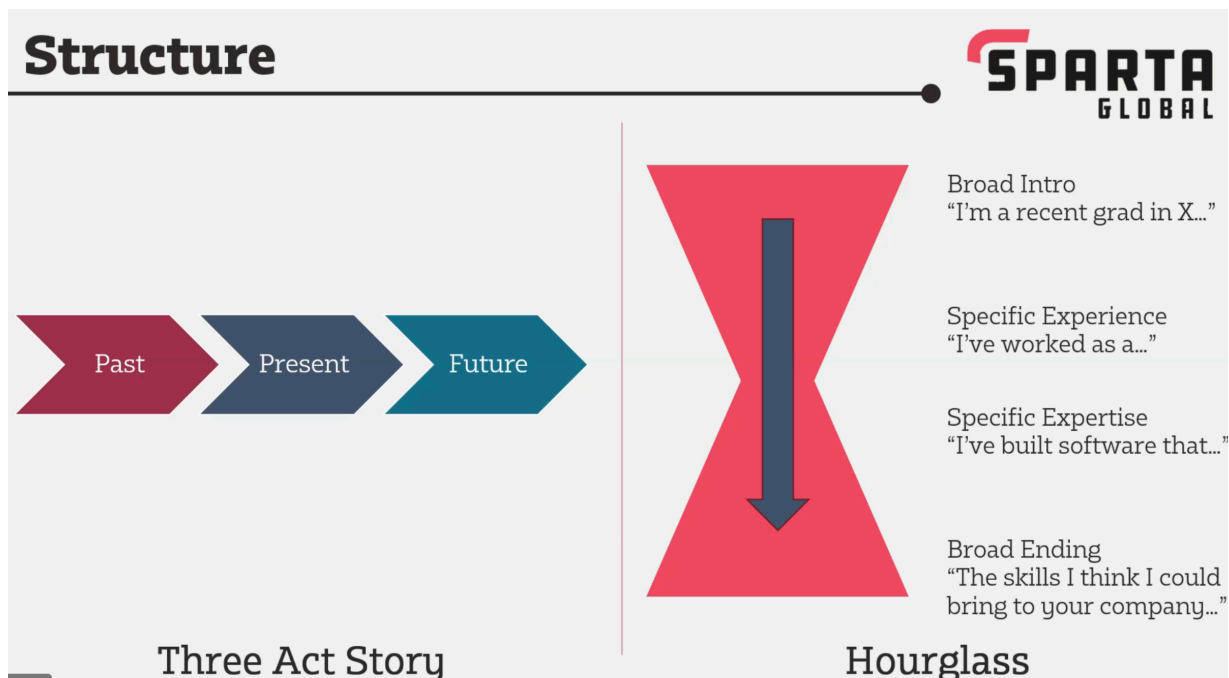

Our Roles, Aspirations, and News in the Data Space By Daniel Solomon, Guilherme Soares, Guney Kuran & Madalina Samoilă

Things to improve on could be:

- Create imagery to the words (story behind it)
- less wording on slides, more talking, using the slides as a guide
- do more practice! 2x practice before at least! you were lost what you were saying at some point
- more numbers
- make it concise!!
- bring in your presenter type persona
- Point, Explain, stats - what do you want to get out of this presentation? This presentation is to give you an introduction of myself, Guyne, Guilherme & Daniel about our roles and aspirations and how we think where we see ourselves in 5-10 years time to get to know us a little bit better.

**Activity.**

Make a list of all the points you could include in your TMAY.  
Don't filter yet! Make a note of everything that could be relevant.

Include things like:

- Work experience
- Further education
- Projects
- Certifications
- Bootcamps and Courses
- Significant Achievements
- Hobbies and Interests
- Strengths and Skills
- Career aspirations
- Motivations

**Activity.**

Pick the most relevant and impactful points from your list to put in the following categories:

- 1) Past: Where have you come from? (~ 2 - 3 points)
- 2) Present: Who are you now? (~ 3 - 4 points)
- 3) Future: Where are you going? (~ 1 - 2 points)

TIP: You don't have to include everything! Just the headlines.  
You'll have a whole interview to communicate the rest.
